

Anne Levitch *Turf Wars* (2019)

- How many pieces of the puzzle can you count?
- Do you think these pieces of the puzzle fit together?
- What do you think the puzzle pieces are made from?

ACTIVITY

Draw a picture over the top of these puzzle pieces. You can draw a picture of anything you like! It could be a picture of the people in your family, a picture of your home, or even the town you live in. Take this drawing back to school and cut out around the dotted lines. See if you can join the puzzle pieces together again.
